

## Skill Tree: Color in the boxes and level up your skills

Use for individuals or as a group by picking a colour each and coloring in a part of the box. Everyone's journey is different and you can interpret the goals flexibly. The aim is to inspire you to learn and try new things. Not everything needs to be completed.

(set your own goal)

Use a CNC Lathe

Use a laser

cutter

(set your own goal)

Make your own

vice or clamp

(set your own goal)

Make a very large

woodworking project

Teach a woodworking class

Fit drawers in a

storage project

and publish instructions for others to use
