WOODWORKING

Skill Tree: Color in the boxes and level up your skills

Use for individuals or as a group by picking a colour each and coloring in a part of the box. Everyone's journey is different and you can interpret the goals flexibly. The aim is to inspire you to learn and try new things. Not everything needs to be completed.

Use a CNC Lathe

Design something and upload instructions online for others to use

(set your own goal)

Make something with green woodworking

(set your own goal)
