MOULDING & CASTING

Skill Tree: Color in the boxes and level up your skills

Use for individuals or as a group by picking a colour each and coloring in a part of the box. Everyone's journey is different and you can interpret the goals flexibly. The aim is to inspire you to learn and try new things. Not everything needs to be completed.

- Teach a moulding and casting class
- Do injection moulding
- Cast two different materials in one mould
- Cast a precious metal
- Cast a high temperature metal
- Cast a low temperature metal
- Use a sacrificial mould
- Do a deep pour with resin
- Make a batch of small parts
- Do an investment cast
- Make a metal mould
- Make a layup mould
- Use a mould enough times it breaks
- Vacuum form a mould
- Use fibreglass in a project
- Sell something you've made
- Mould a part with a cavity
- Do slip casting in clay
- Cut up an old mould to use as filler in a new mould
- Teach a friend a moulding and casting skill
- Use carbon fibre in a project
- Make something unnervingly life life
- Laser cut a mould
- Share a mould you've made
- Cast a river in a wooden project
- Use a water soluble mould
- Mix up too much casting material
- Make terrazzo
- Mould a part with a thin wall
- Have a moulded part crack
- Make a mould using multiple materials
- Embed a circuit in resin
- Make a mould of a body part
- Cast layers of different colors
- Make a crystal clear part
- Have something that gets stuck in a mould forever
- Cast something for a friend
- Use a moulded part as part of a larger project
- Do a 'dirty pour'
- Cast recycled plastic
- Do a multi stage pour
- Post process your moulded part
- Cast concrete in a mould
- 3D print a positive or a mould
- Make a multi part mould
- Use more than one color in a resin project
- Embed something in resin
- Make a mould from a positive
- Design a mould in CAD software
- Learn to properly dispose of resin
- Use a release agent
- Make a two part mould
- Use glitter in a cast
- Have a mould leak
- Use pigments in a cast
- Cast alginate in a mould
- Cast silicone in a mould
- Cast soap in a mould
- Make a mould
- Cast plaster in a mould
- Cast foam in a mould
- Cast urethane in a mould
- Cast epoxy in a mould
- Get a good respirator
- Cast something edible
- Cast clay in a mould
- Make something using a mould
- Cast wax in a mould
